Crowd counting has recently attracted increasing interest in computer vision but remains a challenging problem. In this paper, we propose a trellis encoder-control of the counting has recently attracted increasing interest in computer vision but remains a challenging problem. In this paper, we propose a trellis encoder-control of the counting has recently attracted increasing interest in computer vision but remains a challenging problem. In this paper, we propose a trellis encoder-control of the counting has recently attracted increasing interest in computer vision but remains a challenging problem. In this paper, we propose a trellis encoder-control of the counting has recently attracted increasing interest in computer vision but remains a challenging problem.	deco
